

SHARING LEARNING IMPROVING...

DROPS SUPPORT WORLDWIDE

The **DROPS** Global Steering Committee is based in the UK and plays the pivotal role in the management and administration of all business, communications and key decision-making.

DROPS North America and **DROPS** Asia-Pacific Chapters actively engage in promoting best practice collaboratively throughout each region.

DROPS Global contact: admin@dropsonline.org
 DROPS North America contact: NorthAmerica@dropsonline.org
 DROPS Asia-Pacific contact: secretary@dropsasia.com
 DROPS Saudi contact: Saudi@dropsonline.org

DROPS FORUMS

DROPS Forums are hosted in each region throughout the year, providing opportunities to exchange best practice, share lessons learned and discuss dropped object prevention performance.

DROPS TRAINING

DROPS Train The Trainer is a modular familiarization product delivered to personnel (onshore or offshore) who will in turn adapt the content and cascade the training throughout their organizations.

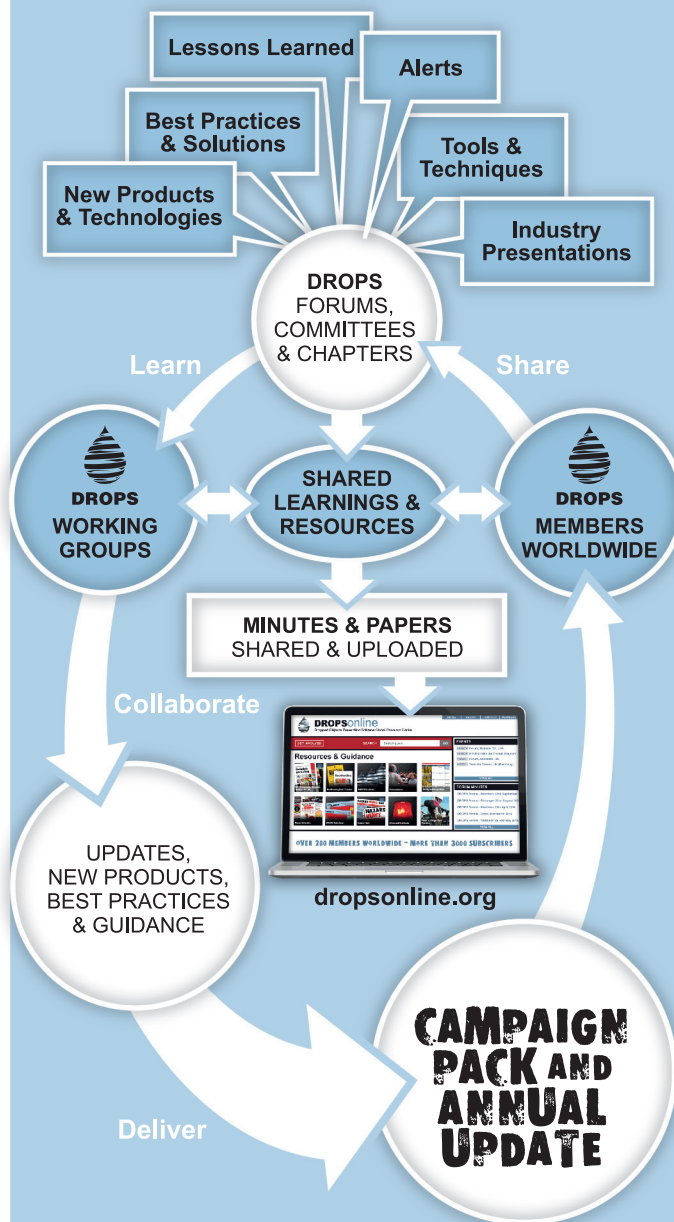

DROPS support Company and Site-specific training requirements with the development and tailoring of bespoke dropped object prevention training resources.

DROPS Training contact: training@dropsonline.org
