Important

Statoil, with other NCS players including Working together for Safety, are revising the “Reliable Securing” handbook with the objective of ONE industry standard book. Their goal is to be ready by April 1.

The Way Ahead

- DROPS Management establish contact and collaborate with NCS.
- Volunteers to meet pre-Forum (0845) on April 26 to establish Team Lead, set objectives and plan ongoing actions.
- Team Lead to brief Forum on objectives

Dynamic DROPS Focus Group

Volunteers

Greg Reid, Silverdot

Dave Richardson, NOV

Paul Finnie, Asco

Kenny Leggat, Transocean

Edwin Thomas, StopDrop

Mike Fraser, Archer

The Way Ahead

- Volunteers to meet pre-Forum (0845) on April 26 to establish Team Lead, set objectives and plan ongoing actions.
- Team Lead to brief Forum on objectives

Behavioural Issue - Focus Group

Volunteers

Debbie Mecklenburgh, Shell
George Duncan, BG
Paul Finnie, Asco
Mike Fraser, Archer
Colin Esslemont, Centrica

The Way Ahead

- Volunteers to meet pre-Forum (0845) on April 26 to establish Team Lead, set objectives and plan ongoing actions.
- Team Lead to brief Forum on objectives

Ageing Assets - Focus Group

Volunteers

George Duncan, BG

The Way Ahead

- With only one volunteer, this will no longer be a Focus Group for 2012
- DROPS Management will monitor output from Step Change / Oil & Gas UK where integrity management of ageing infrastructure is a 2012 focus.

DROPPED OBJECTS

STILL HARMING
STILL KILLING
