

DROPS

DROPPED OBJECTS PREVENTION SCHEME

WHENEVER THERE'S A SNACK GAP

Coffee Break

WHENEVER THERE'S A SNACK GAP

Operational Miscalculation

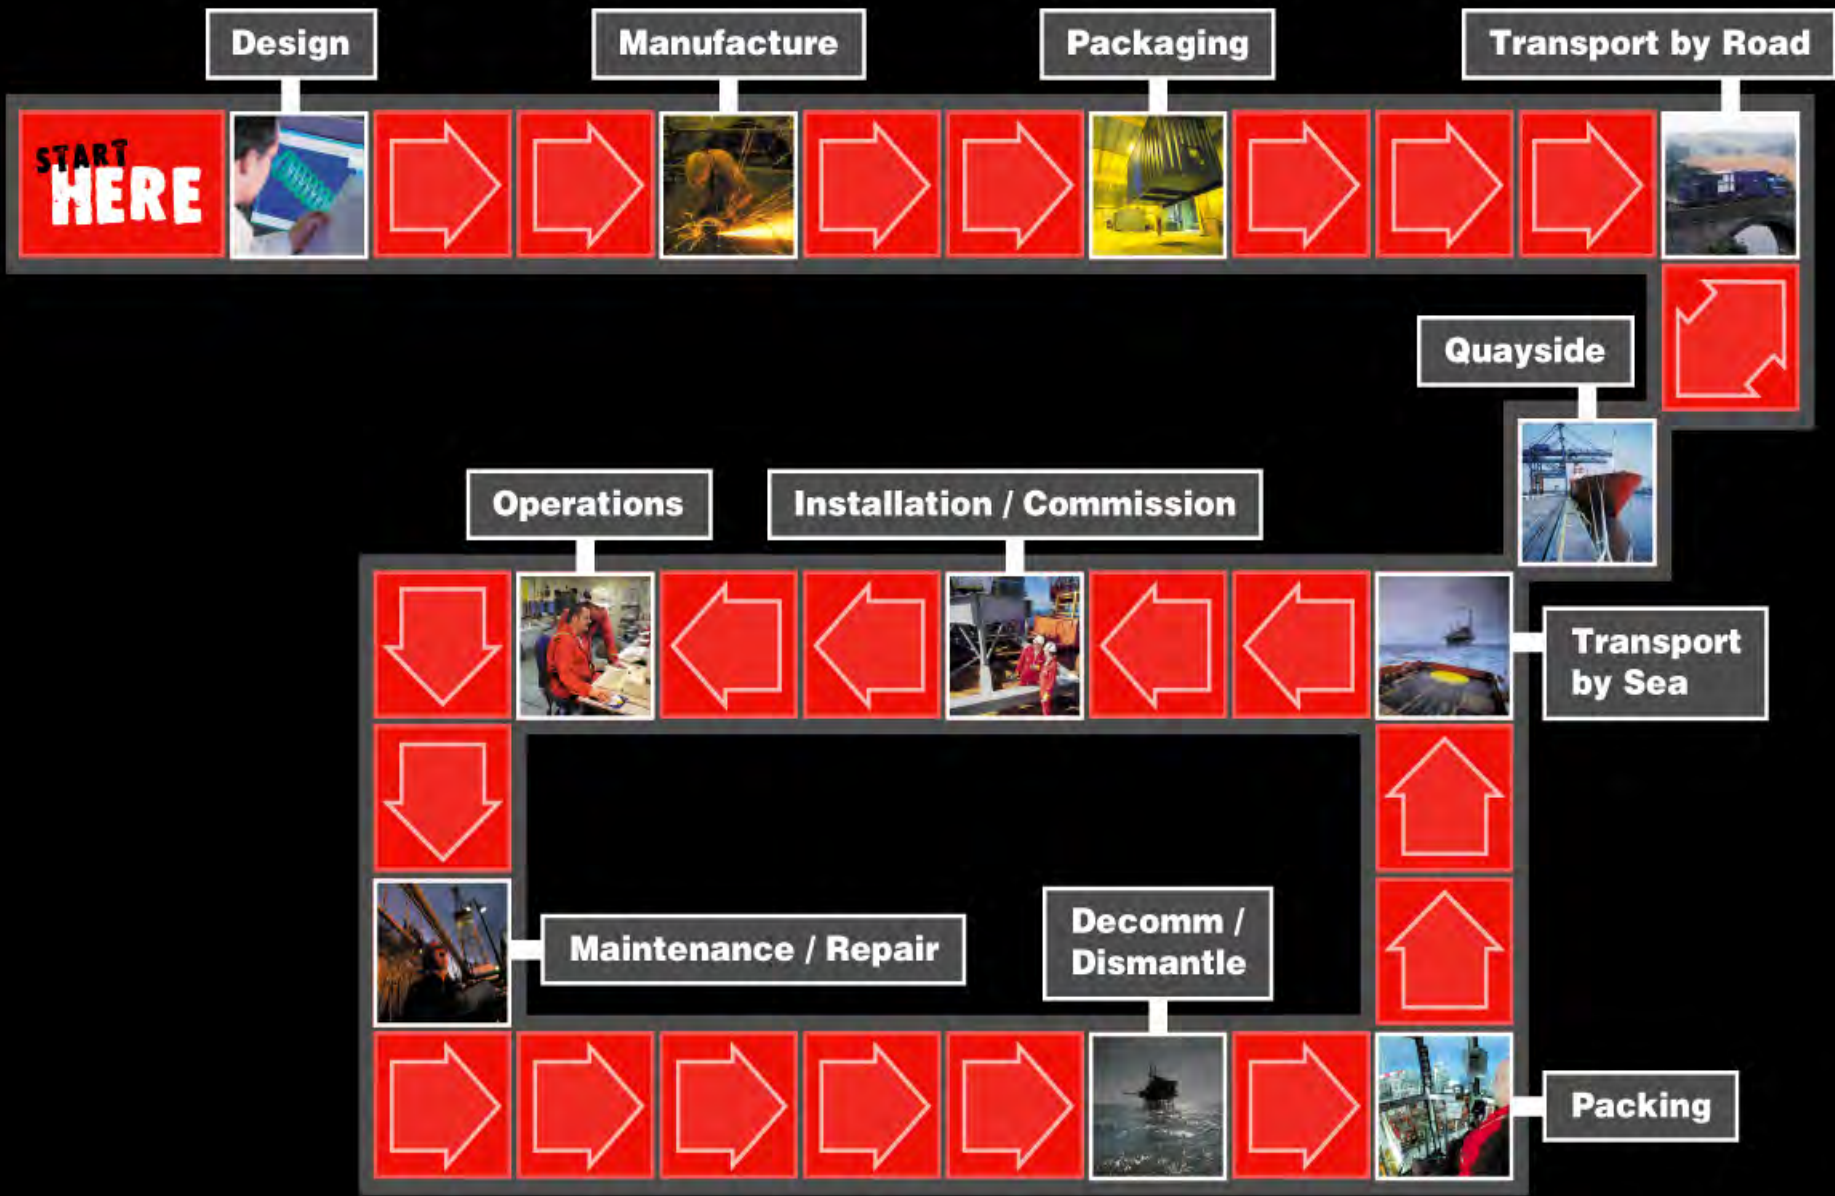

Economic Climate

Aligned to Strategic Objectives

Throughout the Lifecycle

**Homemade lifting
device**

Making interventions

**Homemade lift cap
BOP ring welded to
drill collar pin**

Understanding needs...

**Rig fabricated, non-certified
lifting device**

...and paying the ultimate price

Inadequate job
planning

...and paying the ultimate price

Lifting Cap for 12 ¼ bit
Approx 200kg

**Homemade
lift cap**

**Modified
wrench**

2007/02/09 16:58

03/12

Assessing the task

**Homemade socket set
(permanently welded
adaptors and
extensions)**

**Wireline Sheave
Keeper Pin**

Checklists, spares, Third Party equipment

A photograph showing a stack of large, light-colored pipes. Several black plastic thread protectors are visible, some of which are being used as pipe chocks. A wooden plank is also visible, wedged between the pipes. The background is a dense green forest.

**Thread protectors
used as pipe chocks**

Taking responsibility

Setting a good example

DROPPED OBJECTS

STILL HARMING
STILL KILLING

THANK YOU
