«sharp end  
checklist»

# Yes, objects drop in Statoil too

- Dropped Objects a puzzle, hassle, killer and challenge
  - Tools, flying wind panels, ice, equipment, goods, bags
- We investigate all serious incidents
- Same findings over and over
- Few occurrences with actual serious consequences →
- But they do occur, and they certainly can kill

This article in the Stavanger Aftenblad last Tuesday →

# Statoil and DROPS

- Statoil supports standardisation in the industry for common good
- Statoil will consider DROPS thresholds over SfS. In real life, little change
- The IOGP has referred to Norway for good practices related to the prevention of DO, yet we need to be vigilant and open for new insight.

# Statoil. The Power of Possible
